## **Birthday Celebrations**

Should your child's birthday fall on a school day we encourage a special treat for them. Celebrations are usually organized for snack time or the latter part of the school day after lunch.

**Birthday cakes and homemade snacks are not authorized. All snacks must be store bought.**

**Birthday invitations handed out at school must include all class students. Any other types of invitations must be handed out after the student has been dismissed for the day.**

Parents are required to provide plates, forks, cups, and any other party materials needed.
