HOMEWORK POLICY

Homework Guidelines: Homework is work assigned for non-school hours designed to extend classroom learning and practice. At ISLP, homework will usually be sent on a regular basis, and may include written, oral and reading tasks. Assignments will vary according to the following grade level.

GUIDELINES:

Level (by grade) 1st 2nd 3rd 4th 5th

Time (in minutes) 15 20 30 40 50

If your child experiences unusual difficulty with the type or amount of homework given, please inform the teacher.

In addition to the assigned tasks we encourage students to enjoy from 10-15 minutes of reading at home on a daily basis.

Homework is assigned in order to:

- reinforce skills taught during class, which could include language classes
- build study habits and responsibility for future academic growth

Parental Assistance: Homework should not be completed by parents. However, parents can further support goals outlined above by:

1. ensuring that each child has a quiet place for study and necessary tools such as pencil, paper, dictionary;
2. asking child clarifying questions or questions that help child summarize what they have learned;
3. scheduling extracurricular activities in moderation, so that they do not interfere with the student's homework.

Homework Notebook: It is the responsibility of each student to write homework assignments in the notebook. Please check your child's notebook daily for teacher comments and/or work assignments. Feel free to write questions or comments. This is an excellent mode of communication between home and school.
